

## GOSSIP OF THE TURF.

Form Players Leave Morris Park Dazed and Bewildered.

Only One Favorite Scores a Win at the Westchester Track.

Jockey Nate Hill's Lucky Escape at Clifton.

Form players left Morris Park dazed and bewildered yesterday. Only one favorite out of six managed to cross the line a winner, and the choice, it may be said, carried very little money. The exception was Don Alonso, and Sims had to ride out his hardest to win by a head. Even with all the reversals of form it cannot be said that anything suspicious was noted.

Kantigerna, the warmest favorite of the day, went all the way in the Fashion Stakes, just as she did last Spring when Milan beat her out. Kantigerna was neglected, because of his last race. He should not have been, for he was then a trifle short of work. Beldemere and Reins were also big surprises.

Armstrong showed something like his real form in the opening dash. He secured the place, but he did not carry a dollar of Mike Dwyer's money.

What is the use of basing away at Picknicker? This horse is not within close of his real form, and it seems poor policy to keep on calling him a "picknicker" when he is really a winner.

Newton makes a great bluff in his races. No matter what the company is, he is way out in front of the head of the stretch. He is a real horse, and he is a real horse.

Jack Bennett is reported to have won close on to \$15,000 over Reins' victory. Reins' win was very easily, and Foxhall Kenna's win was a study after the race had been run.

John Campbell is said to be seriously ill with peritonitis. There are few turfmen as popular as Campbell and it is to be hoped that he will pull through all right. Campbell is President Walcott's partner, and as the latter is said to have objected to the race at Clifton, no more of the firm's horses will be started on the hilltop.

Iola ran a surprisingly good race yesterday. On Saturday, with less weight and in poorer company, she was tacked across the track like a rudderless ship at sea.

Mr. Galway was the recipient of many congratulations after his victory in the Fashion Stakes. Strangely to say, the stable reposed their confidence in Lightfoot, who finished next to last.

"Blismark" Korn won a barrel of money on the Middleton race. He bet the crowd to a standstill at Middleton and held out Right at Middleton. Walbaum stood on the box and called for Middleton money.

May Wain captured the last race very opportunely. He will be sold at auction on Tuesday. He was sold yesterday for \$1,000.

Capt. Wagner was very prominent up to the last race and was then stopped as though some one had hit him with an axe.

The book programmes for the Linden meeting are ready for distribution.

Torial rode three winners at a second yesterday. Doggett rode two winners and a second.

Philip Dwyer is thinking of sending three or four horses to California. His horse health is poor, and he thinks a change to the West would do him good. Business would be combined with pleasure.

Stonewall is in bad shape. It is a pity to race her any more this season.

Fluff was well up in the front rank in the Fashion Stakes. He seemed to have plenty of speed, but J. Davis could not get it out of her.

Nate Hill had a lucky escape from a bad fall yesterday. When within fifty yards of the finish, he was thrown by a horse. He fell, but he was not hurt. He was up in a few minutes and he was back in the saddle.

Charlie Oxx succeeded in breaking his stretch of bad luck yesterday by winning a race with Waterloo. The horse was quoted at 5 to 1, and Charlie landed a comfortable win.

The Westerners fairly killed the ring at Clifton yesterday. They won two victories. They backed him from 12 to 1 to 2 to 1.

The Ivy City track is already being put in readiness for the coming winter meeting. George Ferguson is in the saddle, and he is a large number of winners have agreed to race their horses there.

A big sum of money went on ballies in the foreign books at Clifton yesterday.

Bulletins of the night race were posted on the blackboard at Clifton yesterday. When Vigilant was announced as the winner there was great cheering.

J. M. Brooklyn—they have been stopped.
